**Subject: Oil Palm Plantation Development Project in
the South West Region by SG SOC**

Sir,

I write to acknowledge receipt of your correspondence dated 27th May 2011 on the on-going oil palm plantation development project in the South West Region by a US Company, Herakles Farms, operating locally as Sithe Global Sustainable Oils Company (SG SOC).

Permit me to commend your interest and support to the conservation efforts of the Cameroon Government and to inform you that we share your concerns regarding the above project.

As this is an agricultural development project the issues raised in your letter will be looked into with other relevant ministerial departments.

Accept, Sir, the assurances of my high esteem. /-

NGOLLE NGOLLE Elvis
